My data, my rights.

Five things India's DPDP Act, 2023 lets you do as a Data Principal.

§11

Know what is held

Ask for a summary of your personal data and who it was shared with.

§12

Fix it or erase it

Correct, complete or update your data, or ask for it to be erased.

§13

Complain

Take your issue to the organisation's grievance contact. Still stuck? Go to the Data Protection Board.

§14

Name someone

Nominate a person to use your rights if you die or cannot act.

§6

Take consent back

Withdrawing must be as easy as giving it. A pre-ticked box is not a clear yes.

Do these today

- Deny app permissions an app does not need.
- Untick pre-ticked boxes before you register.
- Never paste real IDs or marksheets into an AI chatbot.

Rights apply in full from about 13 May 2027 (Rules notified 13 Nov 2025).
